this book is organized in seven chapters chapter one looks at the origins and the causes of war the chapter argues that war is a consequence of how we as a species have evolved war has both endogenous and exogenous causes while the former depends on our biology and psychology the latter has to do primarily with international relations chapter two makes the case for the paradoxical nature of war while war takes lives it is legitimate under certain circumstances for example armed humanitarian interventions are allowed to save lives among local populations at the expense of the oppressors by employing all necessary means ethical or not chapter three asks if peace among nations is achievable which is the main theme of this book however it does not elaborate on the question entirely instead it gives sort of a prelude of what will be discussed in the remaining of the book by talking about the concepts of world order and american hegemony arms race and peacebuilding chapter four builds on three by looking at realism idealism and pacifism in international relations as to pacifism the chapter attempts to answer the question what was the most peaceful time in history chapter five presents the elements of hope for world peace by considering the role played by the following 1 the united nations 2 the north atlantic treaty organization nato 3 the organization for security and cooperation in europe osce 4 the non governmental organizations ngos 5 the role of nuclear deterrence 6 globalization 7 transnationalism 8 diplomacy 9 sports 10 international cooperation in space exploration 11 the nobel prize and 12 the declining of war and violence in modern times on the other hand chapter six presents the opposite argument or the barriers to world peace using the following points 1 the proliferation of nuclear weapons 2 geoeconomics 3 terrorism 4 the global refugee crisis 5 the profitability of arms sales and 6 the profitability of wars it makes an interesting argument especially as to the profitability of wars by showing how the united states first emerged as an imperial and a world power in the 1890s then as the only world s superpower after world war ii finally chapter seven takes a proactive approach by peering into the future of armed conflict which is likely to take place in new environments cyberspace the littoral choke points near space and increasingly

in expanding cities or slums war the chapter concludes with a discussion on the doomsday clock a concept stemmed from the uncertainty as to the future of mankind because of armed conflicts and which is a symbol that represents the likelihood of a man made global catastrophe

performance assessment is a hot topic in school systems and educators continue to analyze its costs benefits and feasibility as a replacement for high stakes testing until now researchers and policymakers have had to dig to find out what we know and what we still have to learn about performance assessment beyond the bubble test how performance assessments support 21st century learning synthesizes the latest findings in the field and not a moment too soon statistics indicate that the united states is in danger of falling behind if it fails to adapt to our changing world the memory and recall strategies of traditional testing are no longer adequate to equip our students with the skills they need to excel in the global economy instead teachers need to engage students in deeper learning assessing their ability to use higher order skills skills like synthesizing information understanding evidence and critical problem solving are not achieved when we teach to multiple choice exams examples in beyond the bubble test paint a useful picture of how schools can begin to supplement traditional tests with something that works better this book provides new perspectives on current performance assessment research plus an incisive look at what s possible at the local and state levels linda darling hammond with a team of leading scholars bring together lessons learned new directions and solid recommendations into a single readily accessible compendium beyond the bubble test situates the current debate on performance assessment within the context of testing in the united states this comprehensive resource also looks beyond our u s borders to singapore hong kong and other places whose reform mindedness can serve as an example to us

racism is still very prevalent and pervasive in all aspects of the p 12 educational experience in the united states far too many teachers and administrators continue to respond to this challenge by applying colorblind perspectives and approaches this edited volume provides a broad and comprehensive critique of colorblindness in various educational contexts in an attempt to advocate for a more color conscious approach to education this book deals with a wide range of issues related to teaching learning curriculum creativity assessment discipline implicit bias and teacher education there are three distinct features that make this book so important and relevant given the current social and racial climate in u s schools today first each chapter in this book draws from a plethora of different theoretical perspectives related to race and racism in this sense readers are equipped with variety of robust theoretical perspectives to better understand this complicated issue of racism in

schools second this book communicates issues of race and racism through multiple voices unlike other books on race and racism where the central voice is that of a researcher or scholar this book centralizes the voices and perspectives of researchers teachers and teacher educators alike as a result readers are better able to understand issues of race and racism in schools from a more nuanced perspective finally unlike other books related to race and racism in schools this book provides readers with practical strategies for combating racism in their respective educational contexts

palestine has long been one of the great silences in the official curriculum teaching palestine lessons stories voices provides educators with powerful tools to uncover the history and current context of palestine israel in the classroom poetry personal narratives interviews role plays critical reading writing activities and more teaching palestine offers a defense of palestinian humanity centering palestinian lives uplifting and celebrating palestinians struggle for justice and critiquing racism and inequality

this book presents what numerous reviewers have called the best existing argument for the abolition of war demonstrating that war can be ended war should be ended war is not ending on its own and that we must end war

report for 1917 18 consists of three monographs by e macboyle issued separately as mines and mineral resources of nevada county mines and mineral resources of plumas county mines and mineral resources of sierra county
